AIDE students take their final exams before the year ends..... *From page 1*

Last December 2019, students from various courses flocked to AIDE office/institute to take their final examinations before the year ends. Final examination is actually the most important part of every AIDE student's journey. It takes around sixty (60) percent (%) of their overall/final grade.

It is actually that part where students of AIDE prepare the most. It is also one of the most fulfilling part (especially if the student successfully passed the subject) as it marks the end of a term and a beginning of another one. As one Business student mentioned, "every subject counts" for a working adult learner like us, whose task is to have a balanced time for work and school.

Officials and Staffs of AIDE prepares a surprise birthday party to its President & CEO, Tony Boy Cojuangco

From page 1

Last November 28, 2019, the officials and staffs of AIDE have thrown a surprise birthday party to its President & CEO, Antonio "Tony Boy" Cojuangco at Milky Way Restaurant, Makati City.

This is AIDE's gesture of appreciation to its Head, Tony Boy, given his support and generosity to all the Institute's employees. It must be noted that Tony Boy has been supporting the Institute as a Foundation to send previous school leavers to College and obtain degrees, making higher education more accessible and equitable to most Filipinos.

AIDE's 2019 Christmas Party

To celebrate the festivity of the season and the many blessings received by AIDE in the year 2019, a Christmas party was held at Glorietta's Buffet 101 Restaurant which was graced by all AIDE officials and employees.

The AIDE Christmas Party is a yearly tradition where the Institute's officials and employees gather together to celebrate Christmas. It is one occasion where all family members of the employees along with their children are invited to participate. The kids of most employees actually look forward to it every year as it is where the familial relationship and camaraderie of all employees are most evident.
